K. J. ALPHONS

I am happy to note that Trinity Group, supported by the Chamber of Impex, Traditional & Integrated Health is organising a business to business trade fair - Travel and Tourism India focussing on domestic tourism and marketing India to the international tourism market.

I am given to understand that Indian industry market brands and leaders will exhibit innovative products, systems, machinery and equipments related to this sector, many of whom have multinational joint ventures. This mega event will also have under one roof experts from the industry, who will share knowledge and latest developments at seminars or workshops being held for the benefit of hundreds of business visitors.

I have also noted that Travel and Tourism India will contribute to making Indian goods and services more competitive in the international markets, thus contributing to generation of revenue , foreign exchange and employment, besides making made in India products cost effective and energy efficient. I wish the exhibitors and delegates a fruitful interaction at the show, leading to increased tie-ups, business, information flow, skilled services, etc.

T & T - BOOSTING ECONOMIES

The Government of India & foreign countries, with State Governments focus on the tourism & hospitality industry. The world over, it is one of the key drivers of growth among the services sector. Indian Tourism has huge potential considering the rich cultural, religious & historical heritage, variety in ecology & terrains. Rapid strides have been made in adventure, wellness, medical, coastal, business, leisure & sports tourism.

Various governments see Tourism & Travel as a large employment generator & also a great source of foreign exchange / revenue. The sector in India accounted for 8 % of total employment opportunities in 2017, providing employment to 41.6 million people. This is expected to rise by 2 % annually to provide 52.3 million jobs by 2028.

STATE TOURISM AUTHORITIES

WHY OUTBOUND TOURISM - ADVANTAGE INDIA

The UNWTO predicts over 50 million Indians will travel the world in 2020. India's outbound tourism market is expected to generate revenues of about US\$ 62 billion by 2026. With 74 million passport holders in 2017, India is a huge outbound travel market. Boasting the world's second-largest population and the fastest-growing major economy, Indian outbound travelers spent US \$ 19.2 billion on outbound tourism-related expenses in 2016. This puts it among top 20 countries for outbound tourism - WTO

Indian outbound visitors will grow with a CAGR of 10 % by 2022. The Indian Outbound Tourism Market is to grow to US \$ 45 Billion by 2022. Between 1997-2017, outbound tourists from India grew from 3.5 million to 21.9 million, making it the fastest-growing market behind China. Studies projected a Indian outbound tourism spending of US \$ 14,700 million in 2017, which was surpassed & reached a spending of US \$ 18,000 million. It advanced India - four positions in the world rankings to be placed at the seventeenth place.

An estimated 3.6 million Indians currently take a luxury trip abroad each year, which could increase by as much as 8.6 % annually. An average per-person, per-visit expenditure of US \$ 876 is estimated. The CAPA India and Expedia Report calculates the average spending by Indian outbound travelers on short-haul trips to be about US \$ 857 per trip per person, and long-haul trips to be US \$ 1,687. Between 1996 and 2016, the compound growth rate of outbound tourism expenditure for India, at 23%, was higher than China at 17% annually. The luxury sector expanding with the market forecast to grow from US \$ 7 billion to US \$ 100 billion in 8 years.

INDIA - THE WORLD'S TT SUPERMARKET

Indian tourists are among the world's highest-spending globetrotters with a spending power estimated to be four times that of the Chinese and Japanese. The average Indian traveller spends \$1,200 per visit as compared with Americans who spend about \$700, and British who spend US \$ 500 approx. There have been almost 2 billion domestic trips & the Indian outbound tourism market is estimated to surpass US \$ 42 Billion by 2024 according to The Indian Outbound Travel Market, UNWTO report. India has now passed France in nominal terms with a US \$ 2.6 trillion economy, which is about 3.3% of the global total. India's luxury travel market has projected an annual growth rate of 12.8 % between 2015 and 2025. This is the highest growth of any of the top 25 economies. Luxury travel is growing at a much faster rate than overall travel in India, which is also forecast to increase by 7.5 % in the same time period.

During January-July 2018 foreign exchange from tourism increased 12.1 % year-on-year to US\$ 17.09 billion. The sector's total contribution to India's GDP stood at US \$ 208.9 billion (9.6 % of GDP) in 2016 and is forecast to rise by 6.7 % in 2017, and further rise by 6.7 % to Rs 28,491.8 billion (US \$ 424.5 billion) later up to 10 % of GDP by 2027. Some of the reasons that led Indian tourism to grow are - an increase in GDP, development of a middle class that could reach 500 million by 2025, increase in the number of women making business trips, growing presence of elderly seniors, improvement of air connections with different tourist destinations, over 330 million Internet users (second after China) who use it for searching information and making bookings.

UNION GOVERNMENT INITIATIVES

The Indian government has realised the country's potential in the tourism industry and has taken several steps to make India a global tourism hub. The tourism industry is also looking forward to the expansion of E-visa scheme which is expected to double tourist inflow. India's own swelling, monied middle class - 250 million smartphone-toting young professionals out of a population of 1.3 billion - is starting to emulate its regional rival. In less than 10 years, the World Travel & Tourism Council expects India to become the fourth-largest travel and tourism economy behind China, US and Germany.

Some of the major initiatives planned by the Government of India to give a boost to the tourism and hospitality sector of India are as follows:

- Ministry of Tourism launches Audio Guide facility App called Audio Odigos for 12 sites including iconic sites.
- Prime Minister, Mr Narendra Modi urged people to visit 15 domestic tourist destinations India by 2022.
- Statue of Sardar Vallabhbhai Patel - 'Statue of Unity' - inaugurated in October 2018 is the highest standing statue in the world at a height of 182 metre. It is expected to put India on the world tourism map and the total revenue generated till November 2019 is Rs 82.51 crore (US\$ 11.81 million)..
- The Government of India is working to achieve 1 per cent share in world's international tourist arrivals by 2020 and 2 per cent share by 2025.
- Under budget 2019-20, government introduced a Tax Refund for Tourists (TRT) scheme like in countries such as Singapore to encourage tourists to spend more in India and boost tourism.
- Under budget 2019-20, the government allotted Rs 1,160 crore (US\$ 160.78 million) for development of tourist circuits under Swadesh Darshan. An additional fund Rs 1,854.67 crore (US\$ 269.22 million) was also sanctioned for new projects
- Under Union Budget 2019-20, US\$ 82.27 million was allocated for promotion & publicity of various programmes & schemes of the Tourism ministry.
- In September 2019, Japan joins a band of Asian countries, including Taiwan and Korea among others to enter into the Indian tourism market.
- The Ministry of Tourism sanctioned 18 projects covering all the North Eastern States for Rs 1,456 crore (US\$ 211.35 million) for development and promotion of tourism in the North Eastern Region under the Swadesh Drashan and PRASHAD Schemes.
