India International Education Fair - Education Worldwide India

India is one of the most promising countries today and Indian Students have reached to universities in more than 100 countries across the globe to study the most innovative and most promising courses. Some of the leading Multinational companies are headed by Indians who have dared to think big and have given a momentum to their career / education by studying in the diverse culture of International Universities.

Education Fair is one of the most sincere and informative platforms where students can interact with the representatives of leading Universities Worldwide. In the world of digital learning and information, one can easily get the details about anything across the globe but when it comes to selecting the right university or career, seeing is believing takes the front seat. With this thinking in mind, **Global Events & Expositions P. Ltd.**, a New Delhi based, professional exhibition company registered under Ministry of Corporate Affairs, Government of India has been organizing **India International Education Fair – Education Worldwide India** since year 2004.

Education Worldwide India Fairs are famous in India for hosting universities from across the globe. In the last **20 years, 250+ fairs** have been organized in about **40 cities across India** and **Universities & Institutions from 65+ countries** have participated to interact with **Indian Students**. Schedule for November 2023 has been announced:

Education Worldwide India Fairs - Fall 2023 Series:

- **New Delhi** – 26th November 2023
- **Mumbai** – 28th November 2023
- **Bangalore** - 30th November 2023

Education Ministries, Education Promotion Organizations, Universities and other Education Institutions are encouraged to evaluate the possibility of leveraging this great opportunity to reach out to the student community in India.
