INDIA-A SEAFOOD PROCESSING & RE-EXPORT HUB

Why India !!

- India with its world class infrastructure, strategic geolocation and abundant manpower, shall be able to perform seafood-based jobs outsourced to our country for import, value addition and re-export.
- India's seafood processing capacity is about 35,000 Tons/Day and the total capacity utilization is around 30 % –35 % only.
- Labour cost in India is cheaper and competitive when compare with labour cost in developed countries viz. USA, EU etc.
- With state of art processing facilities and competitive labour cost, India can act as a processing hub for re-processing, value addition and re-export in line with China, Vietnam, Malaysia, Thailand and Indonesia.
